**Subject:** Re: Additional information for NRC license amendment for ST. Peter's University mail control 143968

Dear Mr. Tripp,

Mr. Ruff is not yet working at Saint Peters University Hospital. When he arrives he will be trained in emergency and operating procedures of the hdr unit. This training will be documented.

Thank you for your attention to this matter.

**Docket No.:** 03002502

**To:** Bob Tokarz, Radiation Safety Officer

This correspondence is sent in response to your amendment request dated July 29, 2009.

Your original request to authorize Mr. Ruff as AMP was submitted in a letter dated December 8, 2008 (mail control 143106). In an e-mail message dated February 21, 2009, NRC Region I asked for additional information to be provided.

Your current amendment request addresses all of the points raised in our February 21, 2009 e-mail except for one:

Please confirm that Mr. Ruff has been trained in emergency and operating procedures for your HDR unit established at your facility (Saint Peter's University Hospital).

Thank you for your help. If you have any questions, you may e-mail or call me at 610-337-5358.

Lester Tripp  
Health Physicist
