Stacey,

Attached please find PPL's response confirming that the NRC's conditions for an online reference portal will be met.

Please advise if you have questions.

Thanks!

Rocky

**BELL BEND NUCLEAR POWER PLANT
ONLINE REFERENCE PORTAL
BNP-2009-231 Docket No. 52-039**

References: 1) Letter from Robert G. Schaaf (NRC) to Rocco R. Sgarro (PPL), "Bell Bend Nuclear Power Plant Combined License Application Online Reference Portal (TAC RC2621)," dated July 2, 2009

PPL Bell Bend, LLC (PPL) submits this response to the referenced NRC letter (Reference 1) concerning the NRC's conditions for the use of an online reference portal during the review of the Combined License (COL) application for Bell Bend Nuclear Power Plant (BBNPP). The referenced letter accepts the use of an online portal and provides a list of conditions to be maintained throughout the duration of the BBNPP COL application review process. PPL was asked to confirm that these conditions will be maintained.

PPL hereby confirms that the conditions listed in the referenced letter will be maintained throughout the duration of the BBNPP COL application review process. A description of some of the key elements of the PPL electronic reading room follows:

- The electronic reading room is password-protected, and passwords will be distributed to staff directly involved in the COL application review on a need-to-know basis;
- The electronic reading room disables any printing, saving or downloading functions to any location other than a printer or server controlled by PPL or UniStar Nuclear Energy (UNE) (note – neither PPL nor UNE can prevent a user from printing a single page via screen print or from taking a picture of the computer screen with a camera);
- The electronic reading room is sufficiently secure to prevent staff from printing, saving or downloading any documents to any location other than a printer or server controlled by PPL or UNE (note – neither PPL nor UNE can prevent a user from printing a single page via screen print or from taking a picture of the computer screen with a camera);
- Conditions of use of the online reference portal will be displayed on the log-in screen and will require concurrence by each user of the online reference portal upon entry

PPL understands that staff given password access to the electronic reading room will also be informed of the conditions of use by the NRC project managers.

As noted above, PPL agrees to the conditions contained in the referenced NRC letter and will maintain these conditions throughout the COL application review for as long as the electronic reading room needs to be available to NRC reviewers. This letter contains no new regulatory commitments or proprietary information.

If you have any questions, please contact the undersigned at 570-802-8102.

Respectfully,

A handwritten signature in cursive script, appearing to read "Rocco R. Sgarro".
