Montgomery, AL 36130-3017

SUBJECT: 2009 NATIONAL STATE LIAISON OFFICERS CONFERENCE

Dear Mr. Whatley:

I wish to thank you for your participation at the 2009 National State Liaison Officers (SLO) Conference held August 18-19, 2009, in Rockville, Maryland. In all, 42 states and the District of Columbia were represented at the conference. Speakers and panelists participated in nearly 20 presentations on a diverse set of topics of interest to you and the State governments you represent, including nuclear security, radioactive waste management, emergency response activities and many other areas related to the role of the SLO.

I appreciate the meaningful feedback provided to U.S. Nuclear Regulatory Commission (NRC) staff and management by conference participants, such as the need for enhanced awareness of the role of the SLO by senior State government leaders and improved communications between the NRC and you. We are currently evaluating these issues and other areas for improvement identified by you and your counterparts during the conference.

I also appreciate the positive feedback regarding communications with the Regional State Liaison Officers. We are fully committed to enhancing the relationship between the NRC and the SLOs, and will keep you informed of actions we are taking in response to the suggestions we heard during the conference.

Slide presentations, reference links and other documents, as well as photographs taken at the conference, are now available for you to access at the following web addresses:

<http://nrc-stp.ornl.gov/links.html> or <http://nrc-stp.ornl.gov/whatsnew.html>

We are still receiving additional documents and reference links from participants at the conference; therefore, my staff will continue to update the web address as new information is received.

K. Whatley

As you know, the 2009 National SLO conference was organized around the theme of "Cooperation - Communication – Coordination." We truly value the important role the SLOs play in keeping your States aware of nuclear and radiological issues. I want to again thank you for your active participation in this year's conference. Your involvement was a key to its success.

Sincerely,

/RA/ Mark Thaggard for
Charles L. Miller, Director
Office of Federal and State Materials
and Environmental Management Programs

SUBJECT: 2009 NATIONAL STATE LIAISON OFFICERS CONFERENCE

Dear Mr. Dasher:

I wish to thank you for your participation at the 2009 National State Liaison Officers (SLO) Conference held August 18-19, 2009, in Rockville, Maryland. In all, 42 states and the District of Columbia were represented at the conference. Speakers and panelists participated in nearly 20 presentations on a diverse set of topics of interest to you and the State governments you represent, including nuclear security, radioactive waste management, emergency response activities and many other areas related to the role of the SLO.

I appreciate the meaningful feedback provided to U.S. Nuclear Regulatory Commission (NRC) staff and management by conference participants, such as the need for enhanced awareness of the role of the SLO by senior State government leaders and improved communications between the NRC and you. We are currently evaluating these issues and other areas for improvement identified by you and your counterparts during the conference.

I also appreciate the positive feedback regarding communications with the Regional State Liaison Officers. We are fully committed to enhancing the relationship between the NRC and the SLOs, and will keep you informed of actions we are taking in response to the suggestions we heard during the conference.

Slide presentations, reference links and other documents, as well as photographs taken at the conference, are now available for you to access at the following web addresses:

<http://nrc-stp.ornl.gov/links.html> or <http://nrc-stp.ornl.gov/whatsnew.html>

We are still receiving additional documents and reference links from participants at the conference; therefore, my staff will continue to update the web address as new information is received.

D. Dasher

Noise, Radiation and IAQ Branch
Department of Health
591 Ala Moana Boulevard
Honolulu, HI 96813-4921

SUBJECT: 2009 NATIONAL STATE LIAISON OFFICERS CONFERENCE

Dear Mr. Takata:

I wish to thank you for your participation at the 2009 National State Liaison Officers (SLO) Conference held August 18-19, 2009, in Rockville, Maryland. In all, 42 states and the District of Columbia were represented at the conference. Speakers and panelists participated in nearly 20 presentations on a diverse set of topics of interest to you and the State governments you represent, including nuclear security, radioactive waste management, emergency response activities and many other areas related to the role of the SLO.

I appreciate the meaningful feedback provided to U.S. Nuclear Regulatory Commission (NRC) staff and management by conference participants, such as the need for enhanced awareness of the role of the SLO by senior State government leaders and improved communications between the NRC and you. We are currently evaluating these issues and other areas for improvement identified by you and your counterparts during the conference.

I also appreciate the positive feedback regarding communications with the Regional State Liaison Officers. We are fully committed to enhancing the relationship between the NRC and the SLOs, and will keep you informed of actions we are taking in response to the suggestions we heard during the conference.

Slide presentations, reference links and other documents, as well as photographs taken at the conference, are now available for you to access at the following web addresses:

<http://nrc-stp.ornl.gov/links.html> or <http://nrc-stp.ornl.gov/whatsnew.html>

We are still receiving additional documents and reference links from participants at the conference; therefore, my staff will continue to update the web address as new information is received.

R. Takata

As you know, the 2009 National SLO conference was organized around the theme of “Cooperation - Communication – Coordination.” We truly value the important role the SLOs play in keeping your States aware of nuclear and radiological issues. I want to again thank you for your active participation in this year’s conference. Your involvement was a key to its success.

Sincerely,

/RA/ Mark Thaggard for

As you know, the 2009 National SLO conference was organized around the theme of “Cooperation - Communication – Coordination.” We truly value the important role the SLOs play in keeping your States aware of nuclear and radiological issues. I want to again thank you for your active participation in this year’s conference. Your involvement was a key to its success.

Sincerely,

/RA/ Mark Thaggard for

Division of Public Health
301 Centennial Mall South
Lincoln, NE 68509-5026

SUBJECT: 2009 NATIONAL STATE LIAISON OFFICERS CONFERENCE

Dear Ms. Schmitt:

I wish to thank you for your participation at the 2009 National State Liaison Officers (SLO) Conference held August 18-19, 2009, in Rockville, Maryland. In all, 42 states and the District of Columbia were represented at the conference. Speakers and panelists participated in nearly 20 presentations on a diverse set of topics of interest to you and the State governments you represent, including nuclear security, radioactive waste management, emergency response activities and many other areas related to the role of the SLO.

I appreciate the meaningful feedback provided to U.S. Nuclear Regulatory Commission (NRC) staff and management by conference participants, such as the need for enhanced awareness of the role of the SLO by senior State government leaders and improved communications between the NRC and you. We are currently evaluating these issues and other areas for improvement identified by you and your counterparts during the conference.

I also appreciate the positive feedback regarding communications with the Regional State Liaison Officers. We are fully committed to enhancing the relationship between the NRC and the SLOs, and will keep you informed of actions we are taking in response to the suggestions we heard during the conference.

Slide presentations, reference links and other documents, as well as photographs taken at the conference, are now available for you to access at the following web addresses:

SUBJECT: 2009 NATIONAL STATE LIAISON OFFICERS CONFERENCE

Dear Mr. Mulder:

I wish to thank you for your participation at the 2009 National State Liaison Officers (SLO) Conference held August 18-19, 2009, in Rockville, Maryland. In all, 42 states and the District of Columbia were represented at the conference. Speakers and panelists participated in nearly 20 presentations on a diverse set of topics of interest to you and the State governments you represent, including nuclear security, radioactive waste management, emergency response activities and many other areas related to the role of the SLO.

I appreciate the meaningful feedback provided to U.S. Nuclear Regulatory Commission (NRC) staff and management by conference participants, such as the need for enhanced awareness of the role of the SLO by senior State government leaders and improved communications between the NRC and you. We are currently evaluating these issues and other areas for improvement identified by you and your counterparts during the conference.

I also appreciate the positive feedback regarding communications with the Regional State Liaison Officers. We are fully committed to enhancing the relationship between the NRC and the SLOs, and will keep you informed of actions we are taking in response to the suggestions we heard during the conference.

Slide presentations, reference links and other documents, as well as photographs taken at the conference, are now available for you to access at the following web addresses:

<http://nrc-stp.ornl.gov/links.html> or <http://nrc-stp.ornl.gov/whatsnew.html>

We are still receiving additional documents and reference links from participants at the conference; therefore, my staff will continue to update the web address as new information is received.

R. Mulder

As you know, the 2009 National SLO conference was organized around the theme of “Cooperation - Communication – Coordination.” We truly value the important role the SLOs play in keeping your States aware of nuclear and radiological issues. I want to again thank you for your active participation in this year’s conference. Your involvement was a key to its success.

Sincerely,

/RA/ Mark Thaggard for
Charles L. Miller, Director
