Subject: Periodic Meeting Summary

Dear Jim,

Thank you for your letter dated August 19, 2009 summarizing our periodic meeting held on July 29, 2009. We would like to bring to your attention a correction that should be made to the meeting summary. The statement that "The Assistant Bureau Director being created and filled with the former Chief of the Radioactive Materials Section." is not accurate. The position of Assistant Bureau Director has been in place for several years. Last year the Chief of the Radioactive Materials Section had took over that position. Please contact me with any questions. Thanks, Steve.
