SUBJECT: SITE CHARACTERIZATION AND REMEDIATION

Dear Mr. Towe:

This letter confirms our telephone discussion on May 17, 1995. We appreciate the fact that you, Mr. Ferries and your consultant will meet on June 6, 1995 with Charles W. Hehl, Director, Division of Radiation Safety and Safeguards, Region I, myself and other members of the Region I staff. The meeting will be held at the NRC Region I Office, King of Prussia, PA and will begin at 9:00 a.m.

As discussed during our telephone conversation, we requested that you meet with us to discuss our letter to you dated April 17, 1995, and your plans to characterize and remediate the uranium contamination at your facility in Fords, New Jersey.

In accordance with NRC's open meeting policy, meetings involving significant licensing decisions are open for public observation. The enclosed meeting notice will be placed in the local public document room and an announcement will be included in the NRC toll-free telephone recording (800-952-9674) and computer bulletin board (GATEWAY/800-952-9676) for announcing meetings open to the public. Also enclosed are a map and directions to the Region I Office from the Philadelphia International Airport.

We look forward to meeting with you.

Sincerely,
