**To:** Rulemaking Comments  
**Subject:** Docket ID NRC-2008-0272

Mid-West Materials is extremely concerned about the proposed rule change you sent out on August 5, 2009, forcing us to switch from a General License to a Specific License. This would cause dramatic cost increases due to the additional training and annual fees associated with this new rule. In today's business climate, we simply cannot afford to incur these added costs.

We ask you to reconsider this proposal and allow our company to remain Generally Licensed.
