MEMORANDUM TO: Robert D. Carlson, Chief
Financial, Policy and Rulemaking Branch
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation

FROM: Aaron L. Szabo, Financial Analyst **/RA/**
Financial, Policy and Rulemaking Branch
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation

SUBJECT: SUMMARY OF PUBLIC MEETING CONDUCTED TO DISCUSS
ISSUES RELATED TO BIENNIAL DECOMMISSIONING
FUNDING REPORT ANALYSIS PROCESS AND THE
RESOLUTION OF DG-1229, "ASSURING THE AVAILABILITY
OF FUNDS FOR DECOMMISSIONING NUCLEAR REACTORS"

On August 20, 2009, the Nuclear Regulatory Commission (NRC) staff conducted a Category 3 public meeting at the Bethesda North Marriott, Salon A, to discuss the biennial decommissioning funding report analysis process and issues pertaining to the Draft Regulatory Guide 1229 (DG-1229), "Assuring the Availability of Funds for Decommissioning Nuclear Reactors". Approximately 100 people attended the meeting in person, via webinar, and/or conference call, including members of the NRC staff, Nuclear Energy Institute, Winston & Strawn, office of the Attorney General of New York, Fairewinds Associates, and other stakeholders. Enclosure 1 lists the meeting, webinar, and the conference call attendees (ADAMS Accession No. ML092360015).

A public meeting notice was issued on July 16, 2009, and was posted on the NRC's external (public) web page. The notice included the meeting agenda and the presentation slides for the two presentations. Enclosure 2 includes the meeting agenda and presentation slides (ADAMS Accession No. ML0923007301).

The purpose of the meeting was twofold. The first purpose was to explain to the public the NRC's biennial decommissioning funding report analysis process and answer questions resulting from the biennial decommissioning funding reports and analysis. The second purpose was to present the significant changes to DG-1229 and provide the public with an opportunity to participate in the public meeting process by providing questions and comments on issues they believed the NRC should consider prior to the finalization of DG-1229. Questions and comments were provided to the NRC via in person, teleconference and webinar.
