

September 11, 2009

Mr. E. Kurt Hackmann
Director, Hematite Decommissioning Project
Westinghouse Electric Company
3300 State Road P
Festus, MO 63028

SUBJECT: ACCEPTANCE REVIEW OF HEMATITE DECOMMISSIONING PROJECT
DECOMMISSIONING PLAN AND ASSOCIATED REPORTS AND
ASSESSMENTS

Dear Mr. Hackmann:

By your letter dated August 12, 2009, you provided the following documents to the U.S. Nuclear Regulatory Commission (NRC):

1. Hematite Decommissioning Plan, DO-08-004, Revision 0.0 (Two Volumes)
2. Environmental Report, DO-08-009, Revision 0
3. Historical Site Assessment, DO-08-005, Revision 0
4. Hematite Radiological Characterization Plan, DO-08-003, Revision 0
5. Derivation of Surrogates and Scaling Factors for Hard-To-Detect Radionuclides, DO-08-008, Revision 0
6. Health and Safety Plan, HDP-PO-EHS-001, Revision 0
7. Compact Disc of Decommissioning Plan Chapter 5, Dose Modeling, Appendices
8. WEC Response to NRC 1/25/06 Meeting Comments
9. Special Nuclear Material License Application for the Hematite Decommissioning Project, Revision 8/12/09

The staff will be conducted a 90-day acceptance review of the Hematite Decommissioning Plan (DP) and associated documents to determine if sufficient information is provided to permit the NRC staff to reach a conclusion on the acceptability of the proposed decommissioning. It is the staff's intent to provide you, within the 90 day period, a letter which indicates whether the DP has been found acceptable for review. Please note that the Decommissioning Funding Plan, which was submitted to the NRC staff on July 10, 2009; the Physical Security Plan and Contingency Procedures and the Fundamental Nuclear Material Control Plan, which were both transmitted on August 5, 2009, are all associated with the DP. Consequently, their acceptance review will be part of the DP's acceptance review. They will not have separate acceptance review schedules based upon their transmittal dates.

E. Hackmann
