Ryan Parker, RSO Vice President	TesTech, Inc. 8534 Yankee Street Dayton, OH 45458	937-435-3200 FAX 937-291-6549

SUBJECT
Control No. 318008- Re - Amendment request for renewal of License No. 34-26553-02, by application dated March 10, 2009 and letter dated September 4, 2009 (with attached application dated September 3, 2009), regarding moisture/density gauges.

SUMMARY
In a telephone conversation with Mr. Parker on this date, he requested that Cf-252 sealed sources with a total possession limit of 200 microcuries (unchanged from that shown in current Amendment No. 05) be retained on the subject license as renewed, for use in their Troxler gauges. He further confirmed that for all the gauges and X-ray fluorescence analyzers requested to be retained on the license as renewed, that the types of uses would be as listed on SSD certificate and limited to those types of uses.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this conversation record will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
