**Subject:** FW: Document Rejected by the Document Control Desk (DCD)

LaShawn,

Can you please resubmit RAI letter #7 and let me know when you send it please? It was not accepted by the Document Control Desk for the following reason.

The following document was rejected from processing into ADAMS by the DCD:

Docket No.: 52-033

Document date: August 25, 2009

Subject: Detroit Edison Co. Reponse to NRC Request for Additional Information Letter No. 7

Signed by: Peter W. Smith, Director, Nuclear Development - Licensing & Engineering

Reason for rejection: Document was damaged in transit such that it cannot effectively be processed into electronic image form and added to ADAMS. Specifically, Enclosure 1 has color pages stuck together. Please contact the licensee to obtain replacement pages.
