**Subject:** RE: Response to Question on Fermi 3 RAI CR4.1.3-7

Natasha and Kirk,

In a phone conversation today, Randy Westmoreland told me that he believes Detroit Edison's response to RAI CR4.1.3-9 (included with Detroit Edison's August 25, 2009 RAI response submittal) also fully responds to our revised language below for RAI CR4.1.3-7. In reviewing the response to CR4.1.3-9, please take this matter into consideration, and let me know if you agree or if any additional information is still needed from Detroit Edison to address the revised RAI CR4.1.3-7.

Thanks,  
Steve

**Subject:** Response to Question on Fermi 3 RAI CR4.1.3-7

**Randy and Craig:** During our phone conversation on August 28, 2008, you asked for clarification of what was needed to fulfill NRC's request in the subject RAI, considering that the requested "Fermi 1 Phase I Cultural Resources report" does not exist nor will such a report ever exist and is not applicable to the Fermi 3 project. Specifically, NRC requested the following in the original RAI:

*Provide copies of the Fermi 1 Phase I Cultural Resources report when available. Report should be in color, and include all figures, photos, and appendices.*

Based on your question, NRC has re-evaluated Question Summary for this RAI and revises it as shown below. The remainder of the RAI text remains unchanged.:

Provide copies of the Fermi 1 NRHP-eligibility documentation when available. Documentation should be in color, and include all figures, photos, and appendices.

Please contact me if you have further questions on this matter.

**Kirk:** For the subject RAI, please add the following statement to the last column of the overall RAI status table:

[8/31/09] NRC revises the RAI Question Summary to read as follows: Provide copies of the Fermi 1 NRHP-eligibility documentation when available. Documentation should be in color, and include all figures, photos, and appendices.

Thanks,  
Steve
