Dan,

I have reviewed Appendix 5 (Evacuation Time Estimate Study) of the Emergency Plan in DTE's COL, as well as the discussion of evacuation routes in the Emergency Plan, and would like to discuss with you its inclusion in the potential transportation impacts discussion in the DEIS. I will follow up this email with a phone call and check your availability.

Steve,

Have we heard anything from DTE on the availability of traffic study data to be included in the Buffalo reading room?

R,
Jone

Jone,

Shown below is where the emergency evaluation documentation can be found for Fermi 3. Please let me know if this information is adequate to fulfill what is needed for the traffic study for the EIS. Please discuss with Dan Mussatti as necessary.

Thanks,
Steve
