Norm,

Thank you for providing this drawing that supplements the RAI response provided for RAI 3202, Question 2.04-1 in Letter 8. Jerry or I will coordinate with LaShawn on when to have the call regarding this drawing. I would like to do it this Tuesday if the reviewer is available.

Subject: Fermi 3 Site Drawing

Attached is the drawing you asked us to provide a couple of weeks back. It is a compilation of the present Fermi 3 area topographical map, the Fermi 2 site map with the "spot elevations" and the proposed Fermi 3 power block (from the FSAR) overlaid onto its proposed location. All of these figures/drawings have been previously provided in response to RAI Letter 8.

It is our understanding that it will be used to assess the effects on Fermi 2. We would like to set up a call to discuss the drawing with you at a mutually agreeable time.
