Subject: Clarification of Gutnik Associates Address for Avera
McKenna Hospital
amendment request

Dear Jackie:

Please let this suffice as documentation to clarify that the address listed on the closeout survey for Gutnik Associates is different from that listed on the license due to a numerical address change by the post office, not a physical space change. The location was located at the intersection of 21st and 9th streets. The rest of the information is identical, i.e. facility diagram and survey results remain unchanged. Please remove the address as a location of use on license #40-16571-01. Thank you for your attention in this matter.

Regards,

--
