Document Control Desk
U. S. Nuclear Regulatory Commission
11555 Rockville Pike
Rockville, MD 20852

Attention: Michael McCoppin

Subject: Project No. 704 – Re-transmittal of Non-Proprietary Report “TR-105696-R11 (BWRVIP-03NP) Revision 11: BWR Vessel and Internals Project, Reactor Pressure Vessel and Internals Examination Guidelines”

Reference 1: BWRVIP letter 2009-256 from Rick Libra (BWRVIP Chairman) to NRC Document Control Desk, “Project No. 704 – ‘TR-105696-R11 (BWRVIP-03) Revision 11: BWR Vessel and Internals Project, Reactor Pressure Vessel and Internals Examination Guidelines,” dated August 17, 2009.

Reference: 2. BWRVIP letter 2009-266 from Rick Libra (BWRVIP Chairman) to NRC Document Control Desk, “Project No. 704 – Non-Proprietary Report “TR-105696-R11 (BWRVIP-03NP) Revision 11: BWR Vessel and Internals Project, Reactor Pressure Vessel and Internals Examination Guidelines” dated September 2, 2009.

The purpose of this letter is to re-transmit the enclosed two (2) CD copies of the non-proprietary report “TR-105696-R11 (BWRVIP-03NP) Revision 11: BWR Vessel and Internals Project, Reactor Pressure Vessel and Internals Examination Guidelines” EPRI Technical Report 1016584NP, April 2009 that was previously submitted by the reference 2 above. The CD label on the previous submittal included a proprietary information message that was rejected by the NRC Document Control Desk. This proprietary information on the CD label has been removed and the report is being re-transmitted.

The BWRVIP previously transmitted five (5) CD copies of a proprietary version of BWRVIP-03, Revision 11 and two (2) CD copies of the non-proprietary version to you by the BWRVIP letter in Reference 1 above. The CD copies of the proprietary version of BWRVIP-03, Revision 11 were acceptable to the Document Control Desk. However, the two (2) CDs of the non-proprietary version of BWRVIP-03, Revision 11 did not meet the NRC requirements for submitting electronic documents. Therefore, we are providing the enclosed CD copies of the non-proprietary version of BWRVIP-03, Revision 11 that conform to the NRC requirements for submitting electronic documents. As described in the BWRVIP letter in Reference 1 above, the enclosed BWRVIP documents are being provided for information only.

Together . . . Shaping the Future of Electricity

2004
NRR

If you have any questions on this subject please call Chuck Wirtz (FirstEnergy, BWRVIP Integration Committee Technical Chairman) at 440.280.7665.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Libra". The signature is written in a cursive, slightly slanted style.

Rick Libra

Exelon

Chairman, BWR Vessel and Internals Project
