RE: Disclosures Pursuant to 10 C.F.R. § 2.336; *Luminant Generation Company LLC*
(Comanche Peak Nuclear Power Plant, Units 3 and 4), Docket Nos. 52-034 and 52-035

Pursuant to 10 C.F.R. § 2.336 and the agreement among the parties dated August 13, 2009, Luminant Generation Company LLC and Comanche Peak Nuclear Power Company LLC (Luminant) are providing the enclosed disclosures with respect to Intervenor's Contentions 13 and 18, as restated and admitted by the Atomic Safety and Licensing Board on August 6, 2009 (LBP-09-17).

Luminant's initial disclosures consist of the following:

- Enclosure 1 is reserved for the names, addresses, and telephone numbers of the persons upon whose opinion Luminant will base its positions on the contentions and upon whom Luminant may rely as a witness, and a copy of the analyses and authorities upon which they base their opinions. Luminant has not yet identified witnesses for any hearing on the contentions, and will update Enclosure 1 when it has identified its witnesses.
- Enclosure 2 provides a description, by category and location, of all relevant non-privileged documents, data compilations, and tangible things in the possession, custody, or control of Luminant that are relevant to the admitted contentions in this proceeding. If you determine that you would like a copy of any of these documents, please inform me of which documents you would like, and I will provide a copy to you.
- Enclosure 3 provides an index of documents, data compilations, or tangible things that may be relevant to the contentions but that contain proprietary information, Sensitive Unclassified

Non-Safeguards Information (SUNSI), or otherwise protected information. Upon request by the NRC Staff, Luminant will provide a copy using the procedure in 10 C.F.R. § 2.390. If the Intervenor desire a copy, Luminant will work with the Intervenor to develop a mutually acceptable proposed amendment to the Protective Order for issuance by the Board.

Luminant will provide any requested proprietary documents to the Intervenor after the Board has entered an amended Protective Order.

- Enclosure 4 provides an index of relevant documents that are otherwise publicly available.

In order to compile Enclosures 2, 3, and 4, a search was conducted of documents in Luminant's possession, custody, or control. The attached affidavit attests that all relevant materials identified by this search have been disclosed.

In the event that Luminant identifies additional relevant documents or the witnesses for any hearing on the contentions, Luminant will update these disclosures on the 15th day of each month (subject to 10 C.F.R. § 2.306(a)), as required by 10 C.F.R. § 2.336(d) and the August 13, 2009 joint agreement among the parties on mandatory disclosures.

Luminant has been conservative in identifying documents for inclusion in Enclosures 2, 3, and 4. By identifying documents on those Enclosures, Luminant does not necessarily concede that the documents are in fact relevant or material to the admitted contentions.

Sincerely,

Signed (electronically) by Jonathan M. Rund
