Mail Control No. 022744

SUBJECT: DISCONTINUED REVIEW OF APPLICATION FOR TERMINATION OF EXEMPT
DISTRIBUTION LICENSE

Dear Mr. Amstutz:

To date we have not received any response from you with regard to the information requested in our email of March 11, 2009, and requested again in our subsequent emails of April 14, 2009, and June 16, 2009.

In view of these circumstances and the time interval that has elapsed, we are unable to keep your request in an open status, and will consider your request for termination as having been abandoned by you. When you are ready to go forward with your request for license termination, please ensure that your request addresses the question listed in our March 11, 2009, email; namely, the total quantity and the physical form of tritium distributed during each year of product distribution, which is required by Title 10, Code of Federal Regulations, Part 32, section 32.20 (c) "For each radionuclide in each physical form, the report shall indicate the total quantity of each radionuclide and the physical form . . ."

In accordance with 10 CFR 2.390 of NRC's Rules of Practice, a copy of this letter will be available electronically for public inspection in NRC's Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC web site at <http://www.nrc.gov/NRC/ADAMS/index.html> (the Public Electronic Reading Room).

Should you respond completely to our request for additional information within thirty (30) days, we will continue our review of your renewal on receipt of your response; otherwise, we will initiate action to terminate your license as previously noted. Any response should refer to the docket and control number specified below. If you have questions or require clarification on any of the information stated above, you may contact me at (301) 415-6250, or by electronic mail: Jack.Foster@nrc.gov or Richard Struckmeyer, of my staff, at (301) 415-5477, or by electronic mail: Richard.Struckmeyer@nrc.gov.

Sincerely,

Jack Foster, Chief
Licensing Branch
Division of Materials Safety and
State Agreements
Office of Federal and State Materials and
Environmental Management Programs
