Subject: 2nd try! IMPEP comments for WI

Dear Joe,

I have reviewed the IMPEP report and it looks good. There are 2 items that could be clarified:

1) 3.1 Technical Staffing and Training-3rd para.

"Since the last review, six individuals left the program and two were hired". This makes it sound like we are down four people! The new hires who are still here are Kurt Pedersen, Diana Sulas and Chris Timmerman so I would state it as follows:

"Three new staff were hired who are still with the program."

2) 4.1.1, Legislation, 2nd para.

DHS currently has 14 active subchapters, (one has been withdrawn)

Thank you for the opportunity to comment.
Sincerely,
Cheryl K. Rogers, Supervisor
Radioactive Materials Program
