Hi Rajiv,

Yes, there is a new version of the Groundwater Conservation Districts GIS layer being developed but it is still a few months away. I will send you a link to the older layer shortly. I will also try to get a better time frame for the new layer and I will pass that on to you as soon as I know.

Best Regards,

Richard

Dear Richard:

The TWDB website shows that the Groundwater Conservation Districts GIS layer is being updated. Can you please tell me when the updated layer be available? Also, is an older layer available? If yes, can you please send it to me or point me to a location where I can download it from?

Thanks and best regards,

Rajiv
