7 calculation to the review that decided this needs to
8 be part of that would be on the Green Sheet, and it
9 may not even be the original developer of that.

10 SENIOR REACTOR INSPECTOR GAVULA: But in
11 this case, I don't have a document. That table is not
12 a document that was generated as part of a separate --

13 MR. GEISEN: You are correct.

14 SENIOR REACTOR INSPECTOR GAVULA: --
15 process.

16 So the question is: Who was supposed to
17 check to ensure the accuracy of that information?

18 MR. GEISEN: That would probably have been
19 me. Had I done probably a better job of checking
20 that information, I probably would still be in my job
21 that I was in previously.

22 SPECIAL AGENT JANICKI: How much
23 experience did Andrew have before he came to
24 Davis-Besse with the RCS?

25 MR. GEISEN: I don't believe he had -- I
