Name of Licensee: Stavola Asphalt Company
Name of Participant(s): Edward Acquaro, RSO
Telephone No. 732-5220889
Subject: Possession limit confirmation
(NOTE: This will be used as the Documents Title in ADAMS)

The current license does not specify a possession limit for the portable gauges. In preparation for the transfer of the license to NJ, I contacted E. Acquaro to confirm the number of gauges they possess. He confirmed that they have 3 gauges that are each permitted to have up to 9 mCi of Cs-137 and 2 gauges that are each permitted to have up to 44 mCi of Am-241. I will prepare the license with 9 mCi per source and 36 mCi total for the Cs-137 and 44 mCi per source and 132 mCi total for the Am-241, giving a little extra for each radionuclide.
