NRC INSPECTION REPORT 05000305/2009406
NOTIFICATION OF INTENTIONS; EA-09-217

Dominion Energy Kewaunee, Inc. (DEK) has reviewed NRC Inspection Report No. 05000305/2009406, dated September 8, 2009. The report documented an issue that has the potential for significance of a greater than Green finding for Kewaunee Power Station.

While DEK appreciates the opportunity to present our perspective on the facts and assumptions associated with this issue, we feel that information has already been provided during the inspection. Therefore, DEK neither requests a regulatory conference nor intends to submit our position in writing. Mr. Thomas Breene of DEK, notified Mr. Kunowski of the NRC of this position by telephone on September 15, 2009.

If you have questions or require additional information, please feel free to contact Mr. Breene at (920) 388-8599.

Very truly yours,
