Subject: Submittal of NEI 06-14, Revision 7, *Quality Assurance Program Description*

Project Number: 689

In a letter dated June 12, 2009, NEI provided responses to an NRC Request for Additional Information (RAI) dated April 30, 2009 related to NEI 06-14A, *Quality Assurance Program Description*, Revision 6. In that letter, we stated that once the staff was complete with their review, a published version of Revision 7 would be sent to the NRC. Recently, NRC notified NEI that they were complete with their review and requested submittal of Revision 7 of NEI 06-14. Please find enclosed Revision 7 of NEI 06-14. Upon issuance of the Safety Evaluation Report (SER) on Revision 7, we will incorporate the SER and responses to the April 30 RAIs into a final revision of the QAPD. A table of changes from Revision 4 to Revision 7 is attached to the enclosure.

Should you have any questions regarding this letter or the enclosure, please contact me or James Fisicaro (202-739-8018; jjf@nei.org).

Sincerely,
