SUBJECT: CALVERT CLIFFS NUCLEAR POWER PLANT COMBINED LICENSE
APPLICATION ONLINE REFERENCE PORTAL

Dear Mr. Lutchenkov:

On July 17, 2009 UniStar Nuclear Energy (UniStar) submitted revised sections of the Calvert Cliffs Nuclear Power Plant (CCNPP) combined license (COL) application related to alternative sites and an alternative site selection process. With that submittal the NRC reestablished the schedule for the environmental review by letter dated August 20, 2009. In addition the NRC staff held an audit of the revised alternative sites on August 18-19, 2009.

In an effort to improve the efficiency of the environmental and safety audits, UniStar and the NRC staff discussed the use of an online reference portal that would allow the NRC and Pacific Northwest National Laboratories (PNNL) staff limited read-only access to the basis documents and other reference materials cited in the UniStar revised information on alternative sites. The online reference portal will allow the NRC staff to audit basis documents to determine whether the information included in the documents supports the COL application. Documents identified during an audit as necessary for the NRC staff's analysis of the COL application or development of the EIS/SER will be identified by the NRC staff. UniStar will be formally requested to submit those documents on the NRC docket. Use of the online reference portal is acceptable as long as the following conditions of use are met by UniStar:

- The online reference portal will be password-protected and passwords will be assigned to NRC staff and contractors directly involved in the COL review;
- The online reference portal will disable any printing, saving, or downloading functions;
- The online reference portal will be sufficiently secure to prevent staff from printing, saving, or downloading any documents; and
- These conditions of use of the online reference portal will be displayed on the log-in screen.

These conditions of use associated with the online reference portal must be maintained throughout the duration of the CCNPP COL application review process. Please provide written confirmation that UniStar agrees to the terms and conditions set forth in this letter.
