SUBJECT: LICENSE AMENDMENT REQUEST DATED JUNE 29, 2009

Dear Dr. Molloy,

We have received the subject amendment request and determined that the isotopes listed are authorized under 10 CFR 35.65 and the generator and iodine-123 are authorized under 10 CFR 35.100 and 35.200 modalities. Therefore, we have voided your license amendment request and no action is required to your license for your continued use of these radioactive materials. If you have any questions, please contact me at (817) 276-6552 or rachel.browder@nrc.gov.

For your information, the NRC medical list server has been set up. The list server will send automatic e-mail notifications of medical-related generic communications, Federal Register Notices, and NMSS/FSME newsletters as they are published. Anyone may subscribe/unsubscribe to the new medical list server by sending an e-mail to medical-gc@nrc.gov with "Subscribe" or "Unsubscribe" in the subject line.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink, reading "Rachel S. Browder".
