**Subject:** Levy: question regarding groundwater supplemental response of July 29

Doug,

Would it be possible to schedule a call for this week (Thursday or Friday) with PEF to discuss supplemental RAI response of July 29. We have questions about apparent discrepancy between actual field data and the groundwater model results (difference of 15-25 feet). Vince Vermeul believes this can be clarified with discussion between himself and Jeff Lehnen (CH2MHill).

Vince may not be available next week, but is available anytime Thursday/Friday this week, except Thursday 9-10 and 4-4:30 PDT.

Thanks,  
--Michael
