Yes, I reserved a room and sent a note to Paul so he could schedule such a meeting if he desired. I have not heard anything from Paul. However, I have not canceled the room so we can still use that. I think the entire team is expecting such a meeting so hopefully it will happen this week.

O-16B2 is reserved from 3 to 5 today. Paul, please let me know if you don't want to take advantage of the reserved room so I can cancel it.

Thanks,
Harriet

SK - I don't remember who, but someone proposed a meeting of the STP audit/scoping meeting next Tuesday from 3:00 to 5:00 to discuss lessons learned. I don't know if anyone reserved a space or not.

Mallecia and Paul,

One of the issues Butch Burton assigned me to develop a way to capture and document lessons learned in the short-term from experience with STP and Bellefonte, so that the EPMs for yet to be submitted applications can benefit. In the longer-term these lessons may help Rich Emch, who is overseeing the update of Step-wise procedures with PNNL. Please let me know when each of you have time to meet me and share your thoughts.
Thanks
