Subject: Proposed Rule Changes to U S N R C

The proposed rule change tht was sent out August 5, 2009 concerns my Compant - Coilplus Illinois Inc - greatly. This rule change would require us to have a Specific Lincense as opposed to the current General Lincense. The added expense for the required training and Lincense fees would pose an undue hardship on our business. We are a Steel Service Center, working with a lot of Automotive stampers and Office Furniture companies. As you know business has been drastically reduced over the past 2 years, and all expense are being closely watched. Budgets are being cut, the increase costs of training and Lincese fees would greatly impact our ability to compete in an already tight market.

Sincerely;

Michael G. Peppler
