Pat,

Attached are draft RAIs related to our review of your July 29, 2009, Decommissioning Funding Assurance Plan for Braidwood, Byron, Clinton and LaSalle. Please review these questions with your staff and let me know when a followup call would be convenient to discuss the questions. Due to our schedule, we would need to hold the followup call before COB Wed. September 30, 2009.

I am sending a cc of this email to Jeff in the event you are out of the office.

Respectfully,

Christopher Gratton
Senior Project Manager
Division of Operating Reactor Licensing
Office of Nuclear Reactor Regulation
