SUMMARY
We have reviewed your license termination requests dated July 22, 2009, and find that we need additional information as follows:

1. Per your submittal, all licensed materials (two Troxler Model 3440 portable gauges) have been transferred to an authorized licensee. Please provide a signed and dated confirmation of receipt from the authorized licensee.

We will be unable to continue processing your request until we receive this information. In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Record (PARS) component of NRC's document system (ADAMS) accessible from the NRC Website at <http://www.nrc.gov/reading-rem/adams.html>.

ACTION REQUIRED

Please submit a written response within 21-days or contact me to arrange an alternate response date. Be sure to reference control number 318346 to facilitate correct processing of your response.

If we do not receive a written response within 21-days, please note that we may void this request in order to enable you to prepare a quality response without time constraints. This would be done without prejudice to the resubmission of your request at a later date. Upon receipt of your response we will resume our review. Address your written response to my attention at the above address.

Please note that a "Void" is an administrative procedure that puts your amendment request "On Hold" (takes it out of our active casework database) until you reactivate it via submission of a written response.

Upon receipt of your response we will resume our review.

PLEASE DIRECT ANY QUESTIONS YOU MAY HAVE TO ME AT (630) 829-9892.
