#### POTENTIAL OPEN ITEM

In Section 12.05, "Operational Radiation Protection Program," COL Information Item 12.05-1, states that the COL applicant's description of the radiation protection program will "be consistent with the guidance of RG 1.206,..." This language does not convey the applicant's responsibility to describe a program in conformance with the applicable regulatory guides, or to describe acceptable alternatives. Therefore, please change the words "consistent with" to "conform to" in COL Information Item 12.05-1. This wording should be modified for this information item throughout the FSAR.
