Subject: 180-Day Response to NRC Order EA-09-072, "Order for Implementation of Additional Security Measures and Fingerprinting for Unescorted Access to Fermi Power Plant Independent Spent Fuel Storage Installation"

In Reference 2, the NRC issued Order EA-09-072 titled, "Order for Implementation of Additional Security Measures and Fingerprinting for Unescorted Access to Fermi Power Plant Independent Spent Fuel Storage Installation" to modify the General License for Independent Spent Fuel Storage Installation (ISFSI) at Fermi 2. The Order required compliance with the requirements provided in two attachments to the Order. Attachment 1 to the Order is titled "Additional Security Measures (ASMs) for Physical

Protection of Dry Independent Spent Fuel Storage Installations (ISFSIs)," dated September 28, 2007. Attachment 2 is titled, "Additional Security Measures for Access Authorization and Fingerprinting at Independent Spent Fuel Storage Installations," dated December 19, 2007.

In Reference 3, Detroit Edison provided a status of compliance with the requirements of the order and a schedule for items yet to be completed. In that letter Detroit Edison committed to achieve full compliance with the requirements of Attachments 1 and 2 of NRC Order EA-09-072 by October 4, 2009, and to notify the NRC when full compliance with the Order has been achieved.

Detroit Edison hereby notifies the NRC of its full compliance with the requirements of Attachments 1 and 2 of NRC Order EA-09-072. This letter completes Detroit Edison's commitment of achieving full compliance with the Order and notifying the NRC when full compliance has been achieved.
