Steve,

We had our pre-application public outreach meeting on a Wednesday evening and it was well attended. I don't think it will be a problem.

Also, I am working on compiling a list of agency contact names addresses and phone numbers. We've talked to more people then I thought, so I'm still working on it. It will be a good list to have, when I'm done.

Have a good weekend.

Subject: Possible Date for Fermi 3 Scoping Meeting

Randy,

I am trying to finalize the date for the Fermi 3 environmental scoping meeting. Do you know if holding that meeting on a Wednesday might be a problem? The reason I ask is because in some areas, especially in the South, Wednesday is a bad day because many church functions are held on Wednesdays.

Please let me know.

Thanks,

Stephen Lemont, Ph.D.
