Dear Ms. Kay:

This refers to letter dated July 16, 2009, requesting termination of your NRC license No. 13-32485-01. On two occasions, you stated that a close-out survey was not available and it is uncertain when this close-out survey would be available. Therefore, it was suggested that this request be voided and when the needed information is available to terminate your NRC license, resubmit your request. You agreed to this solution, therefore, your request is voided without prejudice to resubmission.

If you have any questions or require clarification on any of the information stated above, you may contact me at (623) 214-5213.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,

James R. Mullauer, M.H.S.
