Subject: 2009-10-14 Conference call on DEIS

Mike,

Thanks for the email note. I think we can make your proposal work.

I suggest we do the conference call next week as early as we can arrange it. I prefer either Tuesday or Wednesday (the 20th or 21st).

I suggest we try to get the public meeting in before Thanksgiving week. My proposal is the week of November 16 and I have penciled in Wednesday November 18.

Please let me know what you think.

D. R. Woodlan

Subject: RE: Call to discuss 2.4 rai's and UTR 4

Don,

I think that the public meeting would be to soon after the conference call to be adequate for the review. The conference call is designed to address the requirements that the NRC has to address technical issues dealing with the DEIS and to determine the best course of action to resolve those technical issues. We need to make sure we are on the same page prior to the meeting to grow a resolution. It would be best to have the public meeting 30 days after the conference call to give your group time to address those technical issues and limit the number of participants needed and cost. The 16th is to soon for us to get a group together. Lets look at next week.

Mike W.

Mike,

We will try to make this happen. Right now we are looking at Friday the 16th. We are also trying to schedule a call with Michael Willingham on the same day regarding the ER review. That works well for us because both calls involve the same subject matter experts. I will get back to you as soon as I can.

Don,

Just got an update that we are available this week to have the conference call, so if you'd like to have the call sometime this week, let me know.

Thanks,

Mike

Mike,

I got you note and am working on it. I think we can arrange a date on the week of the 19th. I will get back to you as soon as I hear from my subject matter experts.

Subject: Call to discuss 2.4 rai's and UTR 4

Don,

Would it be possible to schedule a call to discuss subject topics during the week of Oct 19th?

Sincerely,

Michael S. Magee
