Subject: Louisiana Energy Services Program Readiness in Support of NRC Operational  
Readiness Review

The Louisiana Energy Services, LLC (LES) Program Readiness Assessments have been completed for each of the following LES programs: Security and Environmental Protection. Program Readiness was validated by performance of either QA Audits or organization self assessments. These two program audits/assessments have been placed in the NRC's folder on Documentum and are available for your review prior to the start of the NRC's Operational Readiness Review. LES will continue to place other Program Audits/Assessments at this location as they are validated. Subsequent formal notifications will be transmitted to the NRC each time Program Assessments are validated.

Should you have any questions or comments, please contact Stephen Cowne, LES Director of Quality and Regulatory Affairs at 575.394.5253.
