Re: Notification of added Authorized Users for
NRC Radioactive Materials License (RAML) #: 47-00404-02

Dear Sandy:

We wish to add a new radiologist to our license. Also, I have noticed that our list of authorized users needs to be updated to add several radiologists and to properly list authorized uses for several current authorized users. This letter serves to notify the NRC that we have approved the following physicians to function as authorized users under our radioactive materials license by virtue of their training and experience or being listed on the current NRC license(s) referenced below:

Authorized User	Authorized Material and Uses under 10CFR35	Training and Experience
A. Mark Jason Akers, M.D.	35.100; 35.200	ABR and preceptorship
B. Marsha S. Anderson, M.D.	35.100; 35.200; oral administration of sodium iodide I-131 for imaging and localization studies	Listed on 47-09576-01
C. Paul Henry Blom, M.D.	35.100; 35.200	Listed on 47-09576-01
D. Ricky Jack Compton, M.D.	35.100; 35.200; oral administration of sodium iodide I-131 for imaging and localization studies	Listed on 47-09576-01
E. Robert Joseph Cure, M.D.	35.100; 35.200; oral administration of sodium iodide I-131	Listed on 47-09576-01
F. Joseph W. Dransfeld, M.D.	35.100; 35.200; oral administration of sodium iodide I-131 for imaging and localization studies	Listed on 47-09576-01
G. David Miller Keadle, M.D.	35.100; 35.200; oral administration of sodium iodide I-131	Listed on 47-09576-01
H. Eric Lawrence Leonard, M.D.	35.100; 35.200; oral administration of sodium iodide I-131 for imaging and localization studies	Listed on 47-09576-01
I. Grant Douglas Petty, M.D.	35.100; 35.200	Listed on 47-09576-01
J. James Milton Reynolds, M.D.	35.100; 35.200	Listed on 47-09576-01
K. Torin P. Walters, M.D.	35.100; 35.200; oral administration of sodium iodide I-131 for imaging and localization studies	Listed on 47-09576-01

Note that the NRC Radioactive Materials License referenced above is for St. Mary's Medical Center in Huntington, WV. (47-00404-02 Cabell Huntington Hospital, WV)

We have noticed a typo in that Paul Bexter Akers, MD, should actually be Paul Dexter Akers, MD. We also wish to remove Paul V. Akers, M.D. from our license as he has retired and is no longer practicing medicine.

Please update the authorized users listed on our radioactive materials license when issuing the next license amendment.

This request has been reviewed and approved by senior management and the facility Radiation Safety Officer. If you have any questions regarding this request or should you need any further information, please do not hesitate to contact us.

Sincerely,

Mr. Glen Washington, Senior VP and COO
