SUBJECT: PUBLIC MEETING SUMMARY

On October 15, 2009, a Category 1 publicly noticed meeting was held in Rockville, MD between representatives of the U.S. Nuclear Regulatory Commission (NRC) and the Westinghouse Electrical Company, LLC. The purpose of the meeting was for Westinghouse to provide an overview of the Hematite Decommissioning Plan which was submitted on August 12, 2009 for NRC review. During the meeting, Westinghouse provided a project update; indicated the facility modifications which have been made or are intended to be made; and discussed the completion of the process building characterization; the U.S. Ecology 20.2002 Authorization Request; the regulatory approvals necessary prior to beginning decommissioning; and the licensing actions requiring NRC support. The meeting agenda can be found in the NRC's ADAMS (ML092750518) while the listing of meeting participants can be found under ML092930173. The two Westinghouse presentations can be found in the NRC's ADAMS (ML092930105 and ML092930106)
