 4. Letter from Nuclear Energy Institute (NEI) to NRC, "RIN 3150-AH42 Comments on Advance Notice of Proposed Rulemaking for Performance Based Emergency Core Cooling System Acceptance Criteria," dated October 27, 2009

SUBJECT: RIN 3150-AH42, Endorsement of Westinghouse and NEI Comments on Advance Notice of Proposed Rulemaking for Performance-Based Emergency Core Cooling System Acceptance Criteria

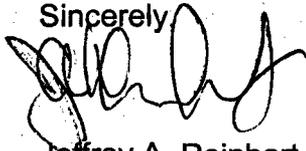

In Reference 2, the NRC requested public comments on an advance notice of a proposed rulemaking (ANPR) on emergency core cooling system acceptance criteria.

The Omaha Public Power District (OPPD) endorses the comments made by Westinghouse and NEI (References 3 and 4 respectively) on behalf of the nuclear industry. Their comments reflect a thorough review of the ANPR, and OPPD shares the concerns detailed in their letters.

No commitments to the NRC are made in this letter.

If you have any questions or require additional information, please contact Mr. Bill R. Hansher of my staff at 402-533-6894.

Sincerely,

Jeffrey A. Reinhart
