Re: V.C. Summer Nuclear Plant Archaeological Site

Dear Ms Dozier:

Thank you for your e-mail of September 29, regarding the above referenced project. It is our understanding that a letter issued from our office on August 16, 2006 contained incorrect information on an archaeological site located at the V.C. Summer Nuclear Plant. The site that has been determined ineligible for listing on the National Register of Historic Places is 38FA322.

If you have any questions, please contact me at (803) 896-6169 or cwilson@scdah.state.sc.us.

Sincerely,

Caroline Dover Wilson
