
Natural and Enhanced Attenuation of Soil and Groundwater at the Monument Valley, Arizona, DOE Legacy Waste Site: 2008 Pilot Study Status Report

The U. S. Department of Energy (DOE) has prepared a pilot study status report entitled *Natural and Enhanced Attenuation of Soil and Groundwater at the Monument Valley, Arizona, DOE Legacy Waste Site: 2008 Pilot Study Status Report*. This report is available for your review on the Internet at the DOE Legacy Management (LM) website – www.LM.doe.gov.

From the LM website home page, select the United States map titled Legacy Management Sites. Then select Monument Valley Processing Site from the drop-down list. The report will be available on the Monument Valley pages of the LM website under Site Documents and Links.

If you would like to receive a printed copy of this document, please fill in the information on the attached postage-paid postcard, detach at fold, and return by mail.
