Subject: Conference Call to Discuss NRC Questions on AREVA's Response to RAI 2

Jim,

We have some questions on AREVA's response to RAI 2 with respect to methylene chloride emissions. If possible, Argonne staff and I would like to discuss the questions with you in a conference call, which I was hoping we could do sometime tomorrow afternoon. I expect it would take one half hour or less.

Please let me know if this works for you. Next week is bad because Argonne's air quality reviewer will be out all week. However, if tomorrow afternoon doesn't work for you, then please let me know some good dates and times for you next week, and I'll see if something can be arranged.

Please call me if you have any questions.

Thanks,
Steve
