Submitter Information

Name: Kevin Weinisch
Address:
43 Corporate Drive
Hauppauge, NY, 11788
Organization: KLD Associates, Inc.

General Comment

NUREG/CR-XXXX "Criteria for Development of Evacuation Time Estimate Studies". Section 4.3 - Evacuation Time Estimates for the General Public - page 27. Trip generation distributions should not be truncated or reduced unless an "adequate basis" is provided. Some responses to telephone survey questions are statistical outliers. Is a statistical outlier analysis considered an "adequate basis"? Recommend providing some discussion of what would be considered an adequate basis.
