Louis,

Our secretary is currently processing the meeting summary and all attachments related to the 10/1 public meeting with STP. Once those documents have been processed in ADAMS and declared publicly available, they will be sent to everyone on the mailing distribution list. I will follow up with you and forward you a copy of the summary with attachments after it has been properly processed.

Thanks
Tekia

Mr. Eichenberger,

The 10/14/09 meeting was a closed meeting. There was no handout provided for the meeting but we are considering requesting a copy of the presentation material from STPNOC. If and when it becomes available, it will be in ADAMS.

The 10/14/09 meeting summary was issued and the ADAMS number is ML092890380.

Cheri, Stacy or Tom

I am not sure when Tekia will be back. Per my email below, do any of you know if the handouts that were provided during the 10/14/09 public meetings are in the process of being distributed?

Tekia

I have received the notice below and the one below about RAI's that are related to the 10/14/09 STP NRC public meeting, but I have not seen the handouts that were provided in the meetings. Do you know if they are still in the process of being distributed? Thanks
