Subject: Discrepant Compact Disk of Decommissioning Plan Chapter 5 Appendices
(License No. SNM-00033, Docket No. 070-00036)

Reference: WEC (E. K. Hackmann) letter to NRC (Document Control Desk), HEM-09-94,
dated August 12, 2009, "Decommissioning Plan and Revision to License
Application"

Westinghouse Electric Company LLC submitted the Hematite Decommissioning Plan in the referenced letter. It has come to our attention that at least one Compact Disk (CD) submitted as Enclosure 9 of that letter contained a discrepancy. The purpose of this letter is to correct that discrepancy.

The CD mentioned above contained files referred to in the Decommissioning Plan as Chapter 5 Appendices. The files were data of RESRAD computer runs in folders of Appendices A through K. However, the discrepant CD files for Appendix D were the same as those in Appendix C. The Appendix C files were correct (concerning "RESRAD Summary Reports – Surface") and the Appendix D files were in error (should have been concerning "RESRAD Summary Reports – Root", but were actually the same as those in Appendix C).

Enclosed herein is a corrected CD containing the entire Decommissioning Plan Chapter 5 Appendices as intended, replacing Enclosure 9 of the referenced letter. We regret any inconvenience this error may have caused.
