Subject: Westinghouse Columbia Fuel Fabrication Facility Decommissioning Funding Plan Revision and RAI Responses (TAC NO. L32850)

Reference: Letter Christopher Ryder to Gerard Couture, Request For Additional Information Regarding Revised Westinghouse Decommissioning Cost Estimate, September 17, 2009

Westinghouse Electric Company LLC (WEC) hereby provides responses to the Requests For Additional Information (RAIs) along with a revised Decommissioning Funding Plan and updated cost estimate to terminate SNM-1107 in support of 10CFR70.25 (e) and Chapter 11 of the SNM-1107 License Application. The cost estimate and revised plan address the changes necessary to adequately respond to the RAIs transmitted to WEC by above listed reference. These changes do not impact the Westinghouse Standby Trust Agreement submitted to the commission on July 27, 2009.

Westinghouse requests NRC approval of the revised Decommissioning Fund Value for the CFFF. If you have any questions or comments regarding the details of this report, please contact me at (803) 647-2045.

Sincerely,
