Hi Ed,

I was out of the office for most of the afternoon yesterday. Gene is back in the office today. I'll check with him on getting a response to you today.

Jenny,

Here is the response letter we spoke about last week. I talked to John Boska and he said that current procedures need OCA concurrence prior to going to the NRR front office, which is due by Wednesday 6/10. Is it possible to get and comments by mid-day tomorrow? Thanks.
