Subject: NCS 45 Shielding Issues (attached)
Attachments: Shielding Issues 11_10_09.doc

Mike,

Our shielding group has looked over the shielding information you forwarded yesterday and has identified three issues in the attached which require resolution.

I recommend forwarding the attached to NCS and emphasizing they should resolve these issues in their pending response. Please enquire as to how much additional time, if any, they will need to resolve, for scheduling purposes.

Regards,

Chris Staab
NRC Project Manager
(301) 492-3321
