Larry,

As we discussed during a telephone conversation today, I faxed to you the applicable sections of the DFP (the body and Appendix D), dates October 15, 1998.
Please review and let me know how soon you will be able to update.

Also, as we discussed, the DFP is for the Monroe, CT and the Whippany, NJ facilities, which have been decommissioned. The Monroe, CT facility was moved to Shelton, CT in 2000.

Yes, I was looking for our copy, and I don't see it. I was curious if this was imbedded into our St. Louis location. Could I get a copy?

Regards,

Larry

Laurie,

Good Morning. Quick question, was there ever a decommissioning plan on file for our Shelton CT facility? I have a copy of your "Trust Agreement Schedule – Schedule A" which shows a cost of $42,000 dollars for decommissioning, but I don't see the plan. If you do have that copy, I sure would like to see a copy. I am checking at the corporate level, and they are working on the letters of credit and standby trust agreement.

Regards,

Larry

Dear Mr. Decker:

Thank you for your prompt reply to my e-mail and your prompt action regarding this issue.

You are correct, examples of the Letters of Credit and the Standby Trust Agreement are in NUREG-1757, Volume 3, Appendix A-10 and Appendix A-17, respectively.

Please feel free to contact me if you have any questions.

Laurie,

Good Morning! I have printed out the Consolidated NMSS Decommissioning Guidance document (NUREG-1757 Volume 3) and will start getting the following worked on this month:

1) Update De-commissioning funding Plan
   a. Fill out Stand by Trust Agreement
   b. Update letter of Credit update – due to name change from Severn Trent Laboratories to TestAmerica

Just to make sure, the Letters of Credit are found in appendices (A-10), while the Standby Trust Agreement (Funds?) is (A-17)

Regards,

Larry
