John:

Of the two questions in this RAI, It was my understanding, based on our discussion with PPL's representatives on 11/17/2009, that question 03.08.01-2 was not believed to have been asked on the Design Certification docket and was most likely not appropriate at this time for the Bell Bend application.

Accordingly, I'd like to remove question 03.08.01-2 from draft RAI 74 at this time so that I may issue the single valid question.

Please let me know if you've confirmed the status as described above and agree that the question may be withdrawn.
